## and what have you

by BOB CRAIG

There is a saving in the Jaycees that they will try anything once because they are too young to know better. I think that is how they ended up trying to produce a rodeo this past week end.

From the fans point of view, I think they did a pretty good job but from the money point of view most of them have about decided that it wasn't worth it. If a vote was taken this week on whether to have another one or not I don't know how it might turn out.

But it was a lot of fun along with all of the hard work. The Jaycees would like to thank all of the people who helped the show on, because without them it would have been nearly impossible.

Before the rodeo there were several people who said they would give a dollar to see Max Murrell in the calf pen during the show and Max and the Jaycees are still waiting for them to come around now and pay off. Max spent all three nights working with the calves and other than being a little sore from climbing the fences and so forth he had a big time.

I have had several people tell me since last week that they had a party or picnic in the Hamlin park. This was brought on by my remarks last week about everybody seemed to go somewhere else for their parties and picnics.

This is fine and we would like to hear of more being held down there. When I wrote the column I had in mind the groups in the surrounding area that I would like to see use Hamlin's park.

I would like to see the park developed into the picnic area for this part of the country and the only way I know this can happen is to grow the park as the need grows. People who come to Hamlin to our park will come to Hamlin for other things.

This seems to be a time of lull between money drives for different organizations that must be supported by donations and I think it would be a good time for the officers of the BCD, the service clubs and the woman's clubs to get together and see if a Community Chest or United Fund could be organized.

This would meet with some opposition from the bigger organizations who hold drives here each year but would be a real blessing to the people who are called on to work in each of the many drives held here during the year.

It would take a lot of work on the part of the community to put this over the first year but would be well worth it in the years to come.

## Old Glory Girl Wins Stonewall County Queen Contest

Florence Erdman, 20, daughter of Mr. and Mrs. Beno A. Erdman, Old Glory, was elected senior Stonewall County Farm Bureau queen last Monday night.

The contest was held at the American Legion in Aspermont and featured junior and senior age group divisions.

Runner-up in the senior division was Sharon Leverett, 16, daughter of Mr. and Mrs. V. R. Leverett, Old Glory. Third place went to Billie Ann Vahlenkamp, daughter of Mr. and Mrs. Bill Vahlenkamp, Old Glory.

Brenda Dalby, 14, daughter of Mr. and Mrs. Frederick Dalby, Aspermont, was elected queen from the junior division. Runner-up was Linda Gayle Gholson, daughter of Mr. and Mrs. J. C. Gholson, Aspermont.

Truette Hennig, Stonewall County Agent, acted as Master of Ceremonies for the evening, asking each queen contestant questions revolving around Farm Bureau and her farm life.

Entertainment for the evening program was provided by a musical group composed of Jon Adams, Marion Carter, Jimmy Shiver, all of Hamlin, and Betty Jo Blair, of Aspermont.

## Bucking Stock Rough on Cowboys at Jaycee Rodeo

Only two of the 29 bull riders were able to stay on top of the H-K's bulls during the three performances of the Hamlin Jaycee Amateur Rodeo held here this past week end. The bareback riders fared a little better with six boys going to the pay window Saturday night.

Little Miss Brenda Foster of Lueders carried home the money in the junior and senior barrel racing. She won six first places in the two events—first and second go-rounds and average.

Bob Craig, project chairman for the Jaycees, expressed his thanks to the Hamlin band and their director Tim Jones, for their part in both the parade and the nightly performances. Riding Club members who helped with the show, Jaycee wives who worked in the concession stand and in the rodeo office, and to the merchants for their help.

## School Making Final Plans for Aug. 28 Start

The Hamlin Schools will open at 8:30 a.m. on Monday, August 28, according to C. F. Cook, superintendent.

Cook further stated, "We are expecting a very profitable school year and the superintendent, principals and teachers are requesting the cooperation of every person in the Hamlin School District. The people of Hamlin have shown they are interested in a good school system, this the teachers and administration appreciate. We must all work together in order to have the kind of school necessary for our children to meet the needs of this fast moving society."

We the teachers, principals and superintendent, pledge ourselves to do our best to make this community and school better. With the same cooperation you fine people have given the school in past years, we know our school will improve."

The Guidance and Counseling Program will be instituted this year for the first time. There has been a great deal of effort and planning on this program by the faculty and

administration and it is felt that the students will be greatly helped by this program.

Cook said, "We wish to invite each parent to visit the school and inform themselves of our school program. The Department of Education of our state is helping and insisting that we have the best opportunities for your children. This school is cooperating with all agencies in this improvement project. It is very important that everyone inform themselves as to what is being done and our plans for the future. Please call on your child's teacher, principal and other school personnel any time you have a problem, because a good school is expensive and very necessary for any community."

Several improvements have been made at all of the school buildings during the summer and some new equipment has been purchased. The primary room has been painted and also, some outside painting at the primary building; wainscoting of all the rooms in the

primary, elementary and high school; the halls and lockers of the high school have been painted as well as the Home-making kitchen and all the concrete floors in all the buildings.

Sixty-nine new lockers have been purchased for the junior high, which will give each child a locker. Other purchases include guidance and counseling files for high school and materials for the counseling room; new lights in seven rooms in high school; air conditioners in both high school and primary cafeterias; improvements in the high school library; projector for high school; new portable science lab for the junior high; one new school bus; teaching aids for the first five grades; new curtains for the home-making Department; repair of several instruments for the band and 8 new band uniforms.

"Our School Board feels that these repairs and additions are necessary for our community, because our school must be the best we can possibly have," said Mr. Cook.

TEXAS PRESS ASSOCIATION

AUSTIN, TEX.—Texas has crossed the great divide of controversy and entered the field of general sales taxation.

To the central collection point for the operation of the some \$320,000,000 in the next two-year period.

To the individual taxpayer, the cost is unknown, but educated guesses already are being made.

James McGrew, research director for the Texas Research League, has estimated it will cost the average Texas family \$25 to \$30 a year, "maybe less if they don't buy any furniture or home appliances."

With some exceptions, the general sales tax will be two per cent on purchases of 25c or more.

Passage of the tax bill and the attending publicity caused many a man and woman on the street to suddenly realize that there already was a state sales tax on such things as cosmetics and appliances.

Actually, the sales tax bill was only part of the tax package handed down by the lawmakers. In addition to the \$320,000,000 estimated to come from this source, they passed a corporate franchise tax worth \$20,500,000. They increased drivers' license fees by \$7,250,000. They made a bookkeeping transfer of motor fuel tax funds totaling \$4,000,000. They also taxed dedicated gas reserves \$3,330,000. And they passed a bill designed to bring in some \$3,000,000.

One request asks a study of the adequacy of the present battle brand inspection laws. It was pointed out that Texas, unlike many other western states, has no state-wide brand registration system, relying on county by county registration which permits duplication of brands.

TCL also has been asked to look into the problem of job discrimination because of age; problems of urban mass transportation; and the feasibility of using state parks as evacuation centers in the event of enemy attack.

HOUSE STREAMLINES—The House of Representatives has voted to do away with more than a third of its committees in order to streamline its operations. House's 43 committees will be reduced in the 1963 session to 25 by combining several groups. Seniority would determine the membership of one fourth of each committee.

NEINDA PHILOSOPHER TAKES LOOK AT NEW RUSSIAN CAMPAIGN PROMISES, DISCOVERS SOME FLAWS

Editor's note: The Neinda Philosopher on his Johnson grass farm on Rt. 1 examines the latest Russian promises this week, without much enthusiasm.

Dear editor:

From what little I know about it, I've always understood a Russian dictator didn't have to run for office, he just stayed in as long as his aim was accurate, but judging by the campaign promises Mr. Khrushchev put out a few days ago, he must be having a little trouble on the home front.

fitting from them. I can detect several flaws.

For example, is this free food going to be cooked or raw, and what will it consist of? How long will you have to stand in line to get it? Who's going to raise it? I've got free food already, if I want to work hard enough to raise it, but that's not my notion of free.

Also, is this gas they're talking about cooking and heating gas, or car gas? If it's car gas, that's just like a politician. What's free gas worth

if you haven't got a car to use it in? And if the gas is free, who're they going to get to stick around a filling station to pump it out for you and check you oil and water? Seems to me everybody'd be cruising.

And also, how many hours a day will you have to work, whether you feel like it or not, to pay for this free housing they're going to furnish?

After they get all this free food, free housing, free gas and free transportation, who's

going to decide how much you have to work, where you have to work, to produce it?

If you live in the South Sea Islands, I understand, you can get free food if you can live on coconuts and bananas, but I doubt if the Russian climate is suited for those kinds of crops, consequently somebody is going to have to grow it, and even if somebody furnished me a free tractor and free gas and fixed all the flats, there'd be times when I just didn't care about going up one row and down another, even if Mr. Khrushchev himself was standing at the turn-row with a basket of free food for me.

As I understand it, Russia is promising to abolish everything except work. That system will never suit me.

Yours faithfully,  
J. A.

## FAIRVIEW NEWS--

By MRS. ELMER JOINER

The rain we were predicting last week failed to come and cotton is really growing. Those that failed to lay by last week will surely do so this week, combines are beginning to cut maize in spots, by next week the bumper maize crop will be ready to harvest in full swing.

Attendance was off at our church Sunday, August is the month of visitors and vacations, so we are hoping that with the start of school that our visiting will be over and we will all be in church each time.

The pastor of our church, Doyle Combs, is back home

Monday morning at his old job, as linotype operator at the Herald office. We understand that a few months of city life convinced him that he was just a "country boy" at heart, and he will be happy to get back to a smaller place where life isn't so hectic. This coming Thursday he will move their household furnishings from Fort Worth to the Propst house in the Fairview community.

Mrs. Combs and children will stay in Sweetwater with her parents until they get ready to move. We just wish to say welcome home to the whole family, and are sorry that their plans didn't work out in Fort Worth, but that is life, we take it as it comes.

Mr. and Mrs. Joe R. Rosenbaum of Pampa were weekend visitors with his parents, Mr. and Mrs. Fred Rosenbaum.

Mr. and Mrs. Winson Gray and Dorothy, went to Amarillo, Friday night to spend the week end with their daughter, Mr. and Mrs. Marvin Johnson and sons. While there they received news of the death of Mrs. Gray's Cousin, Mrs. Orin Russel, Panhandle. They attended the funeral in Panhandle Sunday afternoon and another cousin, Mrs. Lonzo Shellburt, Clyde, returned with them and spent the night Sunday.

Mr. and Mrs. John Beauchamp and Debra, went to Dallas Friday to consult with an eye specialist, and went from there to Ardmore, Oklahoma, to visit with Mrs. Beauchamp's folks.

Mrs. Sue Henry and daughter, Ann of Rule, sister-in-law of Mr. and Mrs. E. A. Henry, visited them Sunday afternoon.

Mr. E. A. Henry was taking quite a bit of kidding Sunday about falling in the creek Sunday morning. It seems he had gone across the creek to a field to look around some, and when he returned he crossed on a log, thinking he was stepping on firm ground from the log, he stepped in mud over his knees and grabbed for a tree limb, which contained a wasp nest and a wasp stung him on the nose and in the fight with the wasp he lost his glasses. In all of the excitement he failed to miss them until he reached home, but he went back and found them, so he just came out with some mud and a wasp stung nose.

It seems that the Winson Grays killed a calf last week to put in the freezer, so Wednesday night they invited Mr. and Mrs. Woodrow Goodwin and Linda down and they cooked steaks out in the backyard and for once had all of the steak they wanted, which is really a treat now considering the price of beef.

Last Wednesday, August 9 was the birthday of Miss Maude Drake. Wednesday morning she went to the field, as usual, to hoe weeds, but when she came in at noon she found that two friends, Mrs. W. C. Eoff and Mrs. Flavel Holmes hadn't forgotten that it was her birthday. Mrs. Eoff had brought her a cake and other treats and Mrs. Holmes had brought her a cake. When you are hoeing weeds on your 72nd birthday, that is some thing that not many can do, so the surprise was a lovely one for her.

Last Monday afternoon a group of mothers carried several of the youth to Anson to the swimming pool, where they all had a good time. Those going swimming were: Teresa, Lynn and Tommy Gabriel, Diane and Candy Glen, Linda Goodwin, Sue Roddy and Debra Beauchamp. Mothers, and grandmother, attending were: Mmes. John Beauchamp, Sharlot Gabriel and Ralph Riddle.

Rev. and Mrs. Doyle Combs and children, spent Saturday and Sunday night with the Woodrow Goodwins. They came to prepare the house to move into this week, as it has been vacant for sometime.

Sunday, the pastor and family had dinner with the H. L. Ford family.

Mr. G. W. Wainscott and daughter, Ethell Allen, visited with Mr. and Mrs. R. M. Jones Saturday night.

Several from out our way attended the Rodeo at Hamlin Saturday night.

Visitors in the home of Mr. and Mrs. Flavel Holmes last week were her brother, Mr. and Mrs. Elby Best and family of Borger, a sister, Mr. and Mrs. R. O. Clements and Bailey of Pampa, Mr. and Mrs. Jimmy Holmes of Abilene and Mr. and Mrs. Jack Wright and Melinda Kay of Hamlin.

If you see Jack Wright looking real pleased with himself, it is because Jo Ann's doctor released Jack from the mop and other house hold tasks last week. All of her friends will be happy to know that she has recovered enough now to do all of her work, in moderation, which is some-

thing to be thankful for after the illness she has been through.

Billy and Randy Jones of Sweetwater spent several days last week with their grandparents, Mr. and Mrs. R. M. Jones Saturday night.

Also visiting her grandparents, Mr. and Mrs. Elmer Joiner, was Jeannie Joiner of Stamford.

Visitors in the Drake home last week were Mr. and Mrs. Derald Hammon of Jefferson, Texas and a cousin, Bert Drake of Stephenville visited them Sunday.

Sunday afternoon Mr. and Mrs. Elmer Joiner and Jeannie, went to Hodges to visit with the Ray families, that were having a reunion at the Hodges Community center. All of the children of the late Mr. and Mrs. Will Ray, many of their children and grandchildren were there. Four children of the late Mr. and Mrs. Pose Ray, several of their children and grandchildren and a sister of the Ray men, Mrs. Bob Barrett formerly of Anson, but now of Dallas, and her two daughters. The Ray families were all former residents of our community. Several visitors were present. A program was presented, with the devotional being

brought by Marilois Kirksey, daughter of Mr. and Mrs. R. E. Kirksey. Mrs. Kirksey will be remembered as Anna Mae Ray. Marilois is a mission worker in Dallas among the Latin-American people.

SCHOOL--

(Continued from page one) Hamlin schools last year will find their names on the door of the room to which they are assigned. Pupils starting in the Hamlin schools for the first time may register in any of three rooms to which their grade is assigned. New students should bring their report cards and book cards from last year. Parents of these children are invited to come also since certain information will be needed. Students should be prepared to spend the day because a full schedule of classes will be in operation the first day.

Teachers in junior high school will include, Carlton, principal; Val Wylie, physical education; Mrs. Dwayne Stallcup, math; Mrs. Olivia Griggs, art; Mrs. Louise Lewis, Language Arts; Mrs. Weldon Johnson, social studies; Mrs. E. N. Jenkins, Language Arts; Kenneth R. Leverett, social studies, Miss Lola Milstead, math; Mrs. S. C. Ferguson Jr., science and Mrs. Erma Wallace, school nurse.

HIGH SCHOOL NEWS

B. V. Newberry, principal of Hamlin High School has announced the following schedule of registration for the high school students: seniors, those with 11 academic credits, will register August 21 from 9 to 10:30 a.m. and the juniors, those with 7 academic credits, from 10:30 a.m. to 12 noon; Sophmores are to register August 22 from 9 to 10:30 a.m. and the freshmen from 1:30 a.m. to 12 noon.

On the day of registration, all students are requested to pay the \$1.00 Library fee that is required. Students taking Typing I or Typing II will be required to pay a fee of 50c per month or a total of \$2.25 per semester, or for the entire year the fee will be \$4.50. This fee is payable at time of registration if possible.

Carter, Bill Maynard, Joe E. Bonds Sr., Odie F. Fry and Lem Sheffield, custodians; and Haskell W. Carter, tax-assessor-collector.

UNDER AGE CHILDREN

Mr. Cook has stated that the total number of first grade students are not known at this time. Therefore, those desiring to start children not old enough to be of school age, but will be six years old before January 1, 1962, are asked to notify the superintendents office or Mrs. Fred Smith. If there is room, it is possible that these under age children may be accepted this year. The child will need to take a readiness or aptitude test in order to determine if they are ready and mature enough to start to school. Such tests will be given August 23 at 9 a.m. in the Anson Elementary School building by Mr. E. M. Connell, County Supervisor.

A tuition fee of \$10.00 per month, in advance, will be charged each child who is under age.

SCHOOL INSURANCE

The Hamlin Public Schools for the past several years offered the students of the school Accident Insurance. This is offered to them at a cost of \$3.00 per year. The administration and teachers recommend that each one be insured under this policy.

All students participating in sports are required to have the insurance. Also students in band, pep squad and other activities that require transportation. If for any reason a parent desires not to insure their child, the school will need written responsibility by them because the school cannot assume all the responsibility.

Material concerning the policy will be given to each student on the second day of school. This will explain the coverage and other information. Mr. Cook suggests that you read this completely and if you are interested, send the money with the enclosed envelope to the child's teacher. No person on our school faculty receives any money for this service nor does anyone receive any part of the premium. This is just a service to the students from the school personnel.

BUS ROUTES

Bus routes will be approximately the same as last year. Any changes that are made will be to the advantage of the students. Regular routes will begin August 28.

Drivers and their routes are: Farmer and Chapman, No. 12, Histon; Perdue, No. 13, Gravel Pit; Starr, No. 14, Colored; Bottoms and Johnson, No. 15, Celotex; Hodnett, No. 16, Wise Chapel; Walker and Bolen, No. 17, Neinda; Wylie and Tudar, No. 19, Flat Top; and Young, No. 20, Tuxedo.

LUNCH ROOMS

The lunch rooms will be open beginning the first day of school. Price of the lunches will be the same as last year—grade school, 30c per meal if a monthly ticket is purchased 35c per meal if paid by the day or week; high school prices will be 35c per meal for a monthly ticket or 40c per meal by the day or week.

DePriest School started classes last week in order to dismiss the students during the cotton pulling season.

Their teachers are J. J. Starr, principal and also teaches math; Mrs. Starr, third and fourth grades; Mrs. Ethel Cunningham, Home Economics; Mrs. Dollye Gilbert, first grade; Mrs. Hattie Collins, music and fifth grade; Dee Waggoner, physical education and science; John Mayfield, social studies and commercial; and Wilmoth Butler, English. The school buildings have been completely repainted during the summer and a new sewing machine was purchased for the Homemaking Department.

WHEAT PRODUCERS TO VOTE IN REFERENDUM AUGUST 24

Wheat producers in Jones County who have planted more than 13.5 acres of wheat in at least one of the years—1956, 1960, or 1961, are eligible to vote in the August 24th referendum, except those who have a feed wheat exemption for the 1961 crop, according to County Agent, Kirby Clayton.

Secretary of Agriculture, Orville L. Freeman, has called for the widest possible participation in the referendum and has emphasized the importance of the determination that growers will make—whether or not marketing quotas will be effective on the 1962 wheat crop. A 2/3 majority of growers must approve before quotas go into effect. Approval of quotas will also make the new wheat stabilization program available to wheat producers.

The wheat stabilization program will cut 1962 wheat acreage allotments by 10%. If quotas are approved, cooperators will be eligible for the

FOOTBALL FALL CAMP OPENED HERE MONDAY--11 LETTERMEN

The annual Hamlin High School football camp got underway Monday morning with the first workout of the new season. Light workouts for conditioning started the camp Monday with more difficult practices following during the week. Camp will close Saturday morning with scrimmages games slated for the following week.

The team is built around a nucleus of eleven returning lettermen, with seven being first year starters. Returning last year members are quarterback Stanley Austin, senior; fullback Frankie Lee, senior; halfback Dan Newberry, junior; tackle Jerry Smith, senior; tackle Jerry Duncan, senior; guard Rayford Williams, senior; and center Robert Woodruff, senior. Senior Curtis Carter, 214 pound lineman, will resume play after last year's ineligibility. Coach D. C. Andrews says he is expecting very much from Carter and if he proves tangible, he will more than aid the team.

According to Andrews, Hamlin will assemble one of the largest and most experienced team that it has had in many years. Stronger reserves are to be another big asset to the Pipers.

The Pied Pipers will open regular play September 1, as Hamlin plays host to Cisco.

Pipers to Open Season with Cisco

Included in the Hamlin Pied Pipers football schedule this year is one new rival, Seagraves, who replaces San Antonio on the card as the second scheduled game, will host the Pipers September 8, at Seagraves. The remaining nine games will be matched against the identical teams that were played last year. Due to a flaw in last year's schedule the Pipers will play host four games while they will be on the road the remaining six.

The Pipers will kick off the campaign September 1, against Cisco in Hamlin at 8:00 p.m. The remainder of the schedule is as follows:
